E47 Eligibility Phase 1
Information Bulletin#2

Viewing Closure Information

Closure information is available on all clients via Event Tracking/Display Events.
Prior to the E47 eligibility implementation and data conversion, users were able to view the closure information either:

♦ On the bottom of the second page of the printed face sheet

♦ The 6th screen of the patient registration face sheet

However, after implementation, the new screens are pointing to the new converted data file structure!

♦ For cases **prior to 4-29-01**: Case closure information will not appear on the patient registration face sheet.

♦ For cases **after 4-30-01**: Case closure information will appear on the registration face sheet.
